Dr. Franklin Wolff
Box 559
Lone Pine, California

Dear Dr. Wolff:

Secretary of Agriculture Orville Freeman has asked us to answer your letter of October 14 since it involves the administration of National Forest land.

The Forest Service operates on a decentralized basis, and we have no records in this office concerning your special use permit. Consequently, we are sending a copy of your letter to Regional Forester Charles Connaughton of San Francisco, with a request that he investigate and write to you.

If you have any questions after receiving Mr. Connaughton's letter, please let us know.

Sincerely yours,

JOHN SIEKER, Director
Division of Recreation and
Land Uses
