

Occult Significance of Zero.

- I. General discussion of symbolical significance of all forms mental or physical.
 - A. All form represents power and meaning.
 - B. Implied in the basic assumption that all form is an enrobment of consciousness, or a projected idea.
 1. Thus everything is an appearance and a meaning within the appearance.
 - C.
- II. The symbolism of mathematical concepts most basic since it is the purest form of consciousness we have in Kali Yuga.
 - A. Distinction to be made between the natural symbolism of the essential mathematical concept and the symbolism of conventional mathematical symbols.
 1. Number forms are hieroglyphs designed to suggest meaning of number.
 2. Numbers ~~xxxx~~ could be represented by other notations and this would not affect basic significance.
 3. That 10 is taken as base is itself a key to our stage of evolution.
 - a. Curious properties of 9 not inherent but due to notation.
- III. Zero symbolizes the Laya state or Pradhana.
 - A. It is no-thing, but the rootless root of all.
 - B. It is Absolute Beness or the first principle of S.D.
 - C. It is not absolute negation, but the state that transcends all relativity.
 - D. It is absolute motion or consciousness, which is like annihilation to relative consciousness, because of transcendence of subject-object relationship.
 1. This freed consciousness is the "annihilation" of Buddha.
 - E. It cannot be an object of consciousness, but is that by which all consciousness becomes possible.
 - F. It is the Circle Pass-Not until the day "Be with US", which means transcendence of subject-object relationship.
 - G. Illustrations of use of zero.
 1. Positive significance in mathematics.
 - a. Point of balance between negative and positive numbers.
 - b. Balance between forces in mechanics.

All motion in nature is an effort to seek this balance.
In other words all being is seeking union with Beness. The great driving motive of the Universe.
