sent a copy of our recommendations to Daniels, and she said she found them acceptable.

She also said that she was thinking about running for the GSC because STREU was falling apart and the GSC seemed to be where the action was!

I hadn't heard a word about STREU this year until Daniels and Reznick wrote to the *Daily*. I had reluctantly assumed that the union had collapsed under the weight of its broken promises.

The Dorsey slate's proposal to further develop the Alumni Contact Service and make the Career Planning and

and the administration by circulating a second survey.

Both slates are enthusiastic or they wouldn't be running. However, the Dorsey slate has done its homework better.
