

Dear Dr. Wolff,

Greetings from Chicago. I hope you are well and happy.

I sold the trailer. I believe it will be moved from its present sight some time after the Convention. Owning the trailer is a luxury.

It is getting a little expensive to travel back and forth from Chicago. If I kept the trailer I would have to purchase a car so I could buy groceries. The cost of owning a car is a little expensive. Staying in Chicago I have no need for a car.

Thank you for the many kindnesses shown me.

Love to all,
Elmer
