Dear Gertrude & Franklin -

I am sorry I waited to write and thank you for the puzzle I think it will be fun. I haven't begun it yet as I had to go up to Phoenix to see about my apt. I always have to have my coolers fixed for summer I have 11 so it is quite a job I have the same man that I have had for eight or nine years so he is very reliable. I am taking Helen back to Chicago with me this summer we plan on flying there and Helen won't stay as long as I do so I think I will come back on the train she has never been to Chicago so I think she

will like the trip. we think we
will leave July 12th I am going
to Long Beach to see Mrs Morgan
the 12th of June for a couple of weeks
I didn't get to go to see her last
summer so I think I should go
this summer I suppose you
are planning your vacation to Alaska
Thanks again for your gift
and come over when you can
with Love
Hattie
