

A fascinating reciprocity.

In your book on Reincarnation
you write of balance. Balance
has had a profound appeal to me.
I shall mail, or show you a little
book I have written inspired by
the words in The Gita: "Equality is
Union."

Yours forward Sincerely
to our meeting Lois Duncan (over)

Your book "Re-Embodiment or Human Incarnations" is perfect for the Western mind (in our humble opinion). In fact, I think we better keep all the books, but we will discuss when you come.

Dear Dr. Woff.

It came to me one morning that as Sriobindo is giving the Western note or message in a sense from the East, your message seems to be the Eastern one coming from the West.
